# ACTIVITY CONTINUES

In the Indiana Oil Field East of Marion,  
in Famous Grant County.

The Recent Thaw Has Made it Possible to Get  
the Lines in Condition and the Usual Hum  
of Work Will Soon be Heard Again.

Indiana Oil News.

The field east of Marion, in Washington and Center township of Grant county, shows no diminution of activity, but at present the production is considerably decreased, and runs will probably be only half the average, until repairs occasioned by the cold snap are made. As a rule, the eastern operators who are in this field did not get caught so badly as some of the western arrivals, but nearly everybody has a story of misfortunes following the sudden turn in the weather. The mild change in the past couple of days has given an opportunity to again get lines in shape, and the oil will soon be running as usual.

Hable Bros. & Gray have just finished up their 10th well on the Goldblatt heirs farm, section 15, Center township, and it is showing up for a good producer, flowing several times daily and apparently coming up with the best wells on the lease.

In the same section, the Marion Gas company has completed No. 5, on the Colver P. Ryan farm, good for about 30 barrels, and is drilling No. 6. The Ohio Oil company has rigs in for Nos. 2 and 3, on the Morris farm, also in section 15.

H. B. & Kilgore are drilling No. 8, on the L. Swartz farm, where their No. 7 was a 50 barrel well. They also have rig in for No. 4, on the Emma Griffin section 21, and No. 1, is finished up, but not in such shape that its production can be given.

The Heavy Oil company has rig in for No. 2, on the E. Van Vactor farm, in section 16, and its two first wells are holding up at a first class rate of production.

is drilling No. 1, D. Overman, section 17. The Oklahoma Oil & Gas company is drilling No. 1, on the G. W. Steele farm, section 20.

In section 10, the American Window Glass Co. is finishing up Nos. 6 and 7, on the Samuel Campbell farm, each of which will make about 30 barrels. Caldwell & Hamshire have the rig in for No. 3, on the Jesse Nelson property, section 21.

Downing & Arthurs are drilling No. 1, on the Lee Hall property, in section 14, while Alva T. Baldwin's No. 5, H. M. Miller, section 19, will make a fair well. Eben Scudder has a big gasser in his No. 4, on the Eli Coggeshall lease, section 19, it being estimated at 1,000,000 feet.

## Southern Washington.

The operations in the lower portion of Washington township have long since connected up the two sections of the eastern field, and all new wells are now within the defined limits. Work in the vicinity of Union Grove postoffice has been quite active, and there is now hardly a lapse in the producing territory between Marion and Warren.

The Ohio Oil company has a test under way on the Charles F. Roxell farm, in section 22. South of this, in section 17, the same company has completed No. 1, L. M. Henry, with a production of 25 barrels, and is drilling Nos. 2 and 3. No. 2 on the Geo. B. Love farm, was good for 20 barrels, and No. 3, is drilling. In section 25, the Ohio is drilling on the J. M. Conn farm, and the American Window Glass company has a new well under way on the W. D. Hobough. Alva T. Baldwin has finished up a well on the Chas. D. Kinney farm, section 29, which will make 70 barrels.

In section 31, the Southwestern Petroleum company's No. 8, H. Z. Blinn was good for 25 barrels, and the same company is drilling No. 9, on the P. & M. E. Howard farm, section 35. The American Window Glass company is drilling No. 4, Frank Howard, same section.

## West Marion Field.

Work in West Marion is falling off considerably from the point of activity which has been noticeable throughout the summer, and there will evidently be not much doing there when the winter months are ended. The field was drilled up quite thoroughly, and as it was mostly low lot work, little room is left upon which to locate wells. The daily runs from that portion of the field are holding up well, and an occasional good producer adds to the general average.

Crotty, Spur and Co. have a splendid showing at their No. 3, on the Hickey addition, section 12, Franklin, one location west of their No. 2, which made 60 barrels. It is probable that the new well will have an initial production of 100 barrels or better.

Stubler & Spideman are drilling another well on a fee lot, and have completed one on the Southall, which made 30 barrels the first day.

The Blyson Oil & Gas company is getting in between the Stubler wells, and is drilling on the Joseph Clayton lot. Stubler and associates have a fairly good production, but the Blyson has thus far been getting only small wells, and it will be a surprise if they are to get anything better on the present operations.

The Marion Fruit Jar Co., has suspended operations in the western field, and has not a well drilling at present. The last one completed was No. 3, S. J. Tibbets, which made 5 barrels.

Jas Latourrette's No. 4, on the Fenstermaker property has been completed, but was never put to pumping. It has a light show of oil.

The Republic Iron and Steel company has wells drilling on the Frank Bell and Frank Martin lots; its No. 5, fee was a 25 barrel well.

Catherine F. Bailey has a rig in for a well on an unknown lot in section 12. She is getting a production of about 30 barrels from the wells already drilled.

The Empire Oil company is drilling No. 23, well on the Empire addition tract, in section 12.

Thorpe & Thomas have what appears to be a fair well on a fee lot in section 11. It is now being cleaned with a good showing.

The Ohio Oil company is drilling No. 5, on the J. Paulus lease, in section 2, Franklin.

## PASTOR

Of St. Pauls Church  
was Surprised

By Members of His Congregation Last Night.

Rev. F. P. Bossart Remembered in  
a Very Substantial Manner—  
Evening at His Home  
was Enjoyed.

One of the most delightful events of the season was enjoyed last evening at the home of the Rev. and Mrs. F. P. Bossart, at high and Baxter streets, by a representative number of the congregation of St. Paul's Evangelical Lutheran church. More than 100 of the members of the congregation met at the home of Mr. and Mrs. Mart Stollenbach, on west High street, and preceded in a body to the home of their pastor, who was taken completely by surprise, when the uninvited but welcome guests arrived.

As a Christmas remembrance, the members of the congregation presented Mr. Bossart with a purse containing \$105.25. The presentation was made by Mr. I. S. Motter, who in his usual able manner, referred to the gift as a slight token of the appreciation the congregation entertains for the faithful and efficient services the pastor has rendered since his coming to Lima. The Rev. Bossart replied to the presentation address in an able manner, but found words too weak to express his appreciation for the gift and the spirit in which it had been procured and presented.

Rev. and Mrs. Bossart proved themselves capable entertainers, and the guests passed a very enjoyable evening with them. Vocal and instrumental music were features of the season of sociability and light refreshments were served before the guests departed for their respective homes.

At the home of the groom's parents, Mr. and Mrs. N. M. McNeal, of Second street, yesterday evening at six thirty o'clock Rev. E. F. Bowdle officiating, Miss Harriet E. Wauderser, of Toledo, was united in wedlock to William A. McNeal. The ceremony was performed in the presence of the relatives of the contracting parties and a large number of invited guests. At the appointed time the bride and groom assumed their position in the prettily decorated parlor where Rev. Bowdle addressed the words that united the lives and destinies of these popular young persons. Frank Waltz acted as groomsmen and Miss Ina Cooper as bridesmaid. After the solemnizing of the nuptials a brief reception was held by Mr. and Mrs. McNeal to acknowledge the congratulations showered upon them. Immediately afterward the bridal couple led the way to the dining apartments where a sumptuous wedding supper was served. The remainder of the evening was devoted to the enjoyment of various festivities. For the present Mr. and Mrs. McNeal will reside at the home of the groom's parents on Second street. As soon as Mr. McNeal completes his engagement at the Solar factory he will remove with his bride to Toledo, where they will make their future home.

#### A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by Wm. M. Melville, old post office corner.

Somewhat, when people see a woman with the front of her dress bristling with pins, they decide that she either has no children, or that they are all grown.

## TEDDY'S FAMILY

Will Fare Exceedingly Well This Christmas Judging from the Numerous Presents Already Received.

Washington, D. C., Dec. 23.—Christmas presents are arriving in great numbers at the White House, coming from relatives, personal friends and admirers of the Roosevelts. The character of the gifts is varied. Some are costly, others unique, and not a few on the freak order. They come not only from the states but from the West Indies and the far east. Cigars without number are sent to the president from Cuba, Porto Rico and Manila, the southerners evidently not being aware of the fact that Mr. Roosevelt, unlike his predecessor, has no special fondness for tobacco. From China and the Philippines come many curios and not a few of these are addressed to the younger members of the president's family. Tropical fruits, including crates of pine apples, bananas and oranges, have been received at the executive mansion, and turkeys, barrels of apples, and wild game have come from friends within the states.

The daily delivery of innumerable parcels at the White House bear testimony to the fact that it is indeed going to be a merry Christmas with the chief executive and his family. In spite of numerous exacting duties Mrs. Roosevelt has managed to spend several hours each week at the different stores and in consequence all of her gifts are ready for distribution. Like Mrs. McKinley she selects the presents for her intimate friends from little keepsakes made by her own hands.

Miss Ethel Roosevelt will not receive a doll this year, and this will be the first time that her mother has not dressed such a plaything for her daughter. Mrs. Roosevelt, however, learned that Miss Ethel had concluded that her family was large enough, and that she would prefer books or some intricate puzzles, which are popular at her school. Instead of more dolls, Little Quinny, however, believes in toy babies, and has quite an assortment of rough riders, clergymen and soldiers, and he will doubtless add to his collection. Archibald seems each playthings and always asks for something alive or for collars or other ornaments for his numerous pets.

The cabinet women will follow the precedent established last year and will present Mrs. Roosevelt with a handsome gift. This present is exceedingly beautiful and costly. None of the ladies feels free to disclose its nature, but they all say it is something Mrs. Roosevelt has desired for some time and for which she has frequently expressed a wish. Mrs. Hay, as the ranking lady of the cabinet, was selected to purchase the gift.

### WORTHY CAUSE.

New York, Dec. 23.—For two weeks the familiar gypsy kettles have stood suspended from tripods on the street corners of the metropolis to receive donations for the Christmas dinners which the Salvation Army gives to the poor each year, and the pots have been "kept boiling" with such effect that the organization expects to be able to fill 25,000 stomachs with turkey and accompaniments day after tomorrow. The mammoth feed will be spread in the Grand Central Palace, the army having been unable to secure Madison Square Garden which has been used in former years. The menu will include soup, beef, bread, turkey, potatoes, turnips, apples, oranges and plum pudding. Besides the thousands who will be fed in the Grand Central Palace other thousands will be fed at home by the Salvation Army ladies and ladies who will spend the day in distributing well-laden baskets.

#### A Timely Topic.

### MAMMOTH

Reservoir to be Used by the C. H. & D.,  
Is Now Nearing Completion at Tontogany.

Mr. Overly Has Superintended the Work and the Main Line and Branch Will Have Abundant Water for Use.

The C. H. & D. railroad under the supervision of C. M. Overly, who resides at the close of the year as superintendent of bridges and construction, is just completing a mammoth reservoir at Tontogany, with a capacity of 10,000,000 gallons, and to feed it a 24 inch line centrifugal station is also being erected.

The object is to provide a sufficient water supply to tide the road over a drought during the dry season and the location of the reservoir will furnish water for the engines operating on the main line and the branch. The water will be conducted to the pumping station through a considerable distance through a 12 inch intake by gravity, from whence it is taken and put into the storage reservoir through the 12 inch centrifugal line.

The creeks from which the water is received lie about 1-1/2 of a mile from the town, but the water in the beds has become so polluted by oil and salt that it is rendered unfit for use in the engines. The supply has heretofore been abundant, but the quality has become such as to make it absolutely necessary to resort to other measures of relief. It is the intention now to supply the reservoir with water at a time when the creeks are in flood and the impurities washed away.

Mr. Overly has superintended the construction of the reservoir and it will be one of the last pieces of work of importance he will have to complete for the C. H. & D. road during his long service as an employee of the company. What Mr. Overly has done in the way of mechanical work for the company, he has done well, and it will stand inspection by the best of engineers.

## RAN Mad Between the Towns. The Wild Dash

### Of an Engine Played Havoc on C. H. & D.

### Two Men Killed and Four Engines Disabled at Liberty, Ind.

### Fast Run on the Pittsburg Breaks the Record for Time from Crestline to Fort Wayne— R. R. News.

A helper engine on the Cincinnati, Hamilton & Dayton railroad got beyond control yesterday, made two wild runs between Connersville and Liberty, Ind., wrecked two freight trains, demolished four engines, killed two men and injured two others.

Engineer Callahan, of the helper, ran to College Grove, helping a freight. He was to take the switch east of Liberty. When he got to the switch and attempted to reverse, part of the machinery would not respond, and the engine got beyond his control.

The locomotive dashed toward Liberty, running into a grade east of here, where it ran into a freight engine and partly wrecked it. In some way the engine was reversed and started back, running through Liberty at the rate of seventy miles an hour. It dashed into another freight which was being hauled by two engines.

Miss Emily, of Indianapolis, broke her arm when the engine ran into her. She was taken to the hospital. The engine was then stopped by the engineer on the double header freight. He escaped by jumping.

A Record-Breaking Run.

Charles Hinton, at the throttle of an engine pulling the Pennsylvania "Special" beat all previous fast run records on that road this morning when he brought the train from Crestline to this city in two hours and three minutes, including the normal stop and stoppage. The distance covered was 141 miles and the train which made the run is the highest speeded of any crossing the states of Ohio and Indiana, yet in the run from Crestline this morning it made up forty-five minutes of time that had been lost east of that city. It left Crestline one hour late and came in this city just fifteen minutes late, having traveled the 131 miles in 123 minutes. The best previous time was 127 minutes. Fireman C. R. Hale was on the engine and a portion of the credit for the fast run is due to the excellent manner in which he performed his duties on route. Engine 7182, one of the big E-2 pattern, pulled the train. Ft. Wayne Sentinel.

No Strike on Erie. It was reported in this city yesterday morning that the employees of the Erie shops at Huntington were going out on a strike for an increase in wages, but the report was denied. The Erie shopmen sent a committee east to confer with Motive Power Superintendent Morris and other officials two weeks ago and the matter of wages was satisfactorily settled. The

committee returned with a written agreement giving the increase demanded, time and a half for over-time and fixing the number of apprentices at one to every five machinists.

### HAVE YOU ANY OF THESE Symptoms of a Very Common Trouble?

There is no disease so common in the United States as catarrh because it appears in so many forms and attacks so many different organs.

It is a common mistake to suppose that catarrh is confined to the nose and throat. Any inflammation of the mucous membrane wherever located accompanied by abnormal secretions, is catarrh. Catarrh of stomach or bladder, or intestines is nearly as common as nasal catarrh and much more serious although it is true that stomach catarrh and catarrh of other internal organs is the result of neglected nasal catarrh.

A new remedy has recently appeared which so far as tested seems to be remarkably effective in promptly curing catarrh wherever located. The preparation is sold by druggists generally under name of Stuart's Catarrh Tablets and in addition to being very palatable and convenient, possesses extraordinary merit, in many cases giving immediate relief from the coughing, hawking and constant clearing of the throat and head, those symptoms with which everyone is familiar who has ever suffered from colds in the head and throat.

Catarrh is simply a continuation of these symptoms until the trouble becomes chronic and grows gradually worse from year to year.

Stuart's Catarrh Tablets are composed of blood root, red gum and similar antiseptics and catarrh specifics, from which it will be seen that no secret is made of the ingredients and also that no mineral poisons are used, as is the case with many well known catarrh medicines.

For catarrh of the nose, throat, bronchial tubes, for catarrh of stomach, intestines or bladder no preparation is so safe and gives such rapid and permanent results as Stuart's Catarrh Tablets.

All druggists sell them at one for four sized package. You can use them with assurance that you will not contract the cocaine or morphine habit as the results from this catarrh cure are apparent from the first day's use.

### TONY PASTOR

### Congratulated on His Silver Wedding Anniversary.

New York, Dec. 23.—The home of Mr. and Mrs. Tony Pastor, at Elmwood, N. Y., was the scene today of many thoughtful folk who called to congratulate the veteran showman and his wife on their silver wedding anniversary and to help celebrate the occasion. Though Mr. Pastor has been a theatrical performer and manager so long that his early days in the business are beyond the memory of even the oldest playgoer, he continues to enjoy excellent health, and from all appearances will remain a popular and prominent figure in vaudeville circles for many years to come.

Let me say I have used Ely's Cream Balm for catarrh and can thoroughly recommend it for what it claims. Very truly, (Rev.) H. W. Hathaway, Elizabeth, N. J.

I tried Ely's Cream Balm and to all appearances am cured of catarrh. The terrible headaches from which I long suffered are gone.—W. H. Hitchcock, late Major U. S. Vol. and A. A. Gen., Buffalo, N. Y.

Better Than a Plaster. A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for aching in the side or chest. Pain balm has no superior as a liniment for the relief of deep seated muscular and rheumatic pains. For sale by Wm. M. Melville, old post office corner.

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Wm. M. Melville, old post office corner.

Only doubters suffer.

## Neale's Catarrh Tablets Do Cure Catarrh.

MR. E. ELSASSER, Dexter, Mo., writes: "For a long time I suffered from a severe inflammation of the throat and an incessant hacking cough. In the morning my throat was so sore that I could not swallow. I tried many remedies but failed. A friend gave me a sample of Neale's Catarrh Tablets and I took them as directed. After taking the first box the inflammation had disappeared and my cough was cured. I feel like a new man."

Why suffer another day with Catarrh? Why take the risk of losing hearing and smell, besides enduring pain, when Neale's Catarrh Tablets are guaranteed to cure any case of Catarrh? You can't lose anything in making the trial.

See for large box containing two weeks treatment and the drug will return the money if you are not satisfied. Sold and guaranteed by The Enterprise Drug Store, "The Rubber House", Lee Beeler, Prop.
